$1,000,000 FIRE LOSS

That Amount Goes Up In Smoke at Cincinnati, O.

ENTIRE BLOCK DESTROYED

Pittsburg Also Has a Fire Entailing a Loss of $250,000—Blaze Started from Explosion of Gasoline in a Pressing Club Establishment.

Cincinnati, Ohio, Aug 24.—Fire which started at 9 o'clock Thursday night destroyed the entire block at Hunt and Broadway, entailing a loss estimated at $1,000,000. The fire, it is said, started in the Eagle and Phoenix lead plant, and spread to the adjoining building. At 11 p. m. the following buildings had been destroyed:

B. H. Goger grocery warehouse; Morrison & Snodgrass; planing mill of Aetna Smelting company; D. T. Williams Valve company, Roberts Lumber company; Khrebbiel Printing company, and the Burlick Wagon company.

Pittsburg, Aug. 23.—Two fires on Thursday caused by the explosion of gasoline in clothes pressing establishments caused damages estimated at $250,000 and for a time threatened the entire east end section of the city. The fire first broke out in the club pressing and cleaning company on Pennsylvania avenue. The three-story building was destroyed and fourteen employees were rescued from the windows by firemen. The second fire was more serious and before it was controlled seven buildings were wiped out.

TRAGEDY IN ALABAMA.

Claimed that Wife Blew Husband's Head Off.

Eufaula, Ala., Aug. 24.—A tragedy occurred 3 miles about town, as a result of which Levi Cade is dead. It is claimed that he and his wife had not lived happily of late and he beat her and ordered her to leave the place. He then lay across the bed, when she picked up a shotgun and fired, literally blowing away the top of his head.

His brother, Jim Cade, of this city, went out in company with John Fay to take charge of the remains.

Saved by Branches of Tree.

Parkersburg, W. Va., Aug. 24.—Mrs. E. M. Curry, with one leg broken, was rescued from the branches of a tall tree by her husband, a prominent farmer living on Rocky Creek, Boone county Mr. and Mrs. Curry were driving along a rugged country road overlooking a rock cliff when their horse became unmanageable and ran away. Mrs. Curry was thrown over the cliff, and would have met with instant death on the rocks below had she not fallen into the branches of the tree. She received the broken leg when she alighted in the branches.

Unique Law Suit.

Toledo, Ohio, Aug. 24.—A cold forms the basis of a unique suit filed here against the Lake Shore and Michigan Southern railroad by Welborn Snyder, a postal clerk. The plaintiff alleges that he was compelled to ride between Cleveland and Toledo in a car which was insufficiently heated, and that it gave him a cold, which was followed by pneumonia, and finally developed into consumption. He demands the sum of $50,000. This is the first suit of the kind filed in Ohio, it is said.

Murdered for His Money.

Chicago, Ills., Aug. 23.—The body of Evandor McIver, a wealthy contractor residing on Prairie avenue, was found Thursday in a stairway leading to a base ment at the corner of Twenty-fifth and State streets. There were marks of violence on the body, all of the money and valuables had been taken and it is the opinion of the police that McIver was murdered and thrown down the stairs. Death had evidently been caused by a blow on the head that had fractured the skull.

GOV. COMER CONFIDENT.

Executive Will Leave in a Few Days For Northern Points.

Montgomery, Ala., Aug. 24.—The majority here believe that Governor Comer has made a winning play in his threat to call the legislature together in case the laws of the state are not accepted and put into force by all the railroads.

It is generally recognized that the legislature can make a great deal of trouble for the railroads if it should be assembled. It is also well known that members are disposed to get at the bottom of the trouble if it is possible to do so.

That the governor is confident of the outcome in the state is evidenced in his announcement that he will leave in a few days for his vacation in Atlantic City and other points. While away he will have a word with Governor Hughes, of New York, and, it is rumored, may drop in on the president if the latter is back in Washington by that time. It is well known that despite the evident disposition of the Alabama executive to get at dagger's points with the local judge of the federal court, the present occupant of the white house has a great admiration for him.

Sheriffs and solicitors have been sending in answers to the application of the Louisville and Nashville to have them enjoined for enforcing state laws, rapidly. The clerk of the federal court is being swamped with them. Solicitor Dent, of the Montgomery court, was the first, followed closely by Sheriff Belsey, of this county. All are in the form sent out by Governor Comer, upon which he asked that such answer be made. They set out that the federal court has no right to enjoin them from making arrests on indictments and from prosecuting the cases when brought up; also that the action proposed to be taken is invalid, in the light of the constitution of the United States.

The hearing on the application will be before Judge Thomas G. Jones Saturday. He will then decide whether or not he will make final the order restraining the officers of the state from interfering with the employees of the Louisville and Nashville railroad.

RUSHING WORK ON THE CANAL.

Commission to be allowed to Spend an Extra $8,000,000.

Washington, D. C., Aug. 24.—A careful examination of the law governing the construction of the Panama canal has satisfied Acting Secretary of War Oliver that the president is authorized to grant the request of the Isthmian Canal Commission for permission to create a deficiency of $8,000,000 during the current fiscal year to meet the requirements of the engineering department for an elargde scale of operations.

The president has been so advised and on his approval permission will be cabled to the commission.

Will Not March On Interior.

Paris, Aug. 24.—Adolphe Maujan, under secretary of the interior, announced officially that General Drude had been ordered to disperse only the tribesmen found within six to ten miles of Casa Blanca. "General Drude will not go further afield and there never has been any question of marching on Fez or any other point in the interior. Our warships will merely patrol the porte where its necessary to organize the international police in fulfillment of the understanding reached at Algiers. France and Spain are in complete accord."

Fairbanks Can't Visit Atlanta.

Atlanta, Aug. 24.—Vice president Charles W. Fairbanks, candidate for the republican nomination for the presidency, cannot attend the state fair in Atlanta between October 10 and 26. Secretary Weldon, of the Georgia State Fair association, received a letter from the vice president Thursday stating that previous engagements for the month of October would prevent him from accepting.

Atlanta Elected Imperial Azam.

Colorado Springs, Colo., Aug. 24.—G Eubanks, of Atlanta, has been elected as imperial azam of the Knights of Khorassan of the World. Seattle was selected as the next place of meeting.

CONSPIRACY EXPOSED

Plotters Were Mangled by Explosion of Their Own Bomb.

PLOT AGAINST KING CARLOS

Premature Explosion at Lisbon Kills Two Persons and Reveals to Police Designs Upon the Lives of the King and Queen.

Lisbon, Aug. 24.—The explosion of a bomb here which killed two persons and fatally injured two others, brought to light a plot, hatched by republican conspirators to assassinate King Carols and Premier Franco and to seize the government of Portugal.

The police allege that the head of the conspiracy is Jesse Bettencourt, a medical student.

On searching his apartments they found a number of letters and papers which resulted in the arrest of 30 Republican leaders. They have been placed on ships and under heavy guard.

Bettencourt lives in the tenement district of the city, and his rooms have been the headquarters for republican agitators and conspirators.

The explosion took place in Bettencourt's room and the men killed and those injured were conspirators against the king and the government.

The noise of the exploding bomb was terrific, and when the police rushed in the room they found the room a wreck. They at once made a search and found many documents telling of the conspiracy against the king and premier.

Wholesale arrests are expected as a result of the accidental explosion.

The prisoners will be tried in secret. They will either be executed or exiled for life.

The revolutionary movement has been growing in Portugal ever since the king refused to abdicate. Had not the bomb exploded accidentally the king would certainly have been assassinated, according to the police.

"DREADNAUGHT" AUTOS.

Chicago Arranging to Build Mammoth Machines.

Chicago, Aug. 24.—The city of Chicago is building an automobile, which it is promised will be to other automobiles what the English battleship Dreadnaught is to other naval vessels.

It is on account of th eauto's size that the city is doing the work itself, as special patterns had to be made for it. The machine is to be used as a police patrol wagon. It is to be of steel body, seventy-horsepower, and large enough to carry 18 policemen and the chauffeur.

The use expected to be made of the vehicle is to carry a good-sized squad of policemen to any point where there is more serious trouble than the men immediately available can handle.

It will be able to go much faster than the present patrol wagons, and carry more men.

GAYNOR CRITICALLY ILL.

May Not Live Long Unless Removed from Jail.

New York, Aug. 24.—Advices from Macon state that John F. Gaynor, the Syracuse contractor who was convicted of complicity in the Savannah frauds, is critically ill.

He has been ill for some time and physicians say he cannot live long unless removed from the jail. He is racked by coughing spells and has practically lost the use of his legs.

Mrs. Ryan Made Countess.

New York, Aug. 24.—Information has reached here from Rome that Pope Pius X has bestowed the title of countess on Mrs. Thomas F. Ryan, wife of the well known financier, in recognition of her charities and benefactions to the church. The title, it is understood, was bestowed last December, but the fact did not become publicly known until now. Mrs. Ryan's Gifts to the church and charity, it is stated, ran into millions.

ROOT VIGOROUSLY EXERCISES.

Billy Muldoon Looking After Health of the Secretary of State.

White Plains, N. Y., Aug. 24.—It became known Thursday that Elihu Root, secretary of state, is taking exercise at the large farm and training quarters of Billy Muldoon, the ex-champion wrestler of the world, which is situated about two miles from White Plains.

Mr. Root arrived here several days ago. It is said that he is suffering from overwork and fatigue, and is on the verge of a nervous breakdown. He is accompanied by his secretary, who looks after his correspondence.

A part of the routine at the Muldoon farm is to rise at daybreak, milk the cows, work in the fields and then, after breakfast, trudge ten or fifteen miles across Westchester hills. The remainder of the day is put in with hor eback riding, sparring un-

Boy Killed an Old Negro Man.

Anniston, Ala., Aug. 23.—Old Phillip Crook is dead, and Ira Perryman, a boy of about 16 years of age, is in the county jail charged with the murder of the negro, as the result of the free use of a 38-caliber pistol in the hands of the boy. After the shooting, several negroes armed themselves and made a search for the boy, who, from what they say, wantonly shot down the old negro over a debt of $2. The boy was brought to the city hall by Policeman Eden and locked up until a warrant was taken out for him, and he was then carried to the county jail.

WILL NOT ACCEPT.

Sam D. Jones Declines Offer of Place on Railroad Commission.

Atlanta, Ga., Aug. 24.—Sam D. Jones, former member of the chamber of commerce and president of the Atlanta Stove Works, which was a party to the famous stove-rate case against the railroads, has declined to accept an appointment as one of the new railroad commissioners at the hands of Governor Smith. He declines to state his reasons, but it is pretty well understood that the amendment to the railroad commission bill prescribing the qualifications of members of the body has something to do with it. It is generally understood, also, that Hon. J. Pope Brown, of Hawkinsville, will also decline appointment. R. B. Moore, of Savannah, and Judge George Hillyer, of Atlanta, seem to be the most prominent of those now named in connection with the new membership. James H. Smith, a retired merchant of Gainesville, has made application for the place, and a strong petition in his behalf has been presented.

The appointments will be made, probably, within the course of a week.

2,415 New Alabama Pensions.

Montgomery, Ala., Aug. 24.—After several days of hard work the state board of pension examiners has adjourned, having put 2,415 new names on the pension rolls of the state. There were 376 rejected. Auditor Brandon is busy making up the new rolls and the warrants for the first quarter will be sent to the probate judges by the first of October. It will be the first sent out under the new law to pay quarterly. This year the amounts to each pensioner will be as follows: First class, $160; second class, $80; third class, $64; fourth class, $50.

White Slave Trade Blamed.

Berlin, Aug. 24—The mysterious disapearance of young women in Berlin is increased to an alarming extent. No less than five such disappearances were reported to the police recently, and a number of others occurred this week. It is surmised that "white slave" operations are at work and probably [illegible] their victims, as most of the girls disappeared without leaving any trace of their whereabouts.

Jealous Man Murders Woman.

Trumbull, Conn., Aug. 24.—In a fit of jealousy because he thought she was going to marry another man, Lucas Keplinsky, at Tashua Hill, shot and Killed Miss Lillian Mallet. The murderer was captured. He had worked on the Mallet place seven years. Miss Mallet was 35 years old and wealthy.

STRANGLER'S MARKS

Were Found on the Throat of Murdered Widow.

MYSTERY SHROUDS CRIME

Body of a Young Widow Found in Her Apartments with Skull Crushed and Visible Marks of Having Been Strangled.

New York, Aug. 24.—The Brooklyn police arrested three men in an effort to find the murderer of Mrs. Lena Scham, a young widow, whose body was found in her apartments in Flushing avenue, Brooklyn, with the skull crushed, the arteries in one wrist severed and marks of a strangler's hand on her throat.

A piece of gaspipe, which had been wrenched from the gas range in the kitchen, lay near the body, and the police believe the murderer made use of it to beat the victim over the head.

The police have no clew to the identity of the murderer, and the three men under arrest are held at witnesses in the hope of ascertaining whether Mrs. Scham received any caller at her home.

She was last seen alive by occupants of the building on Sunday evening, when she returned from a picnic and was escorted to the door by the three men.

The witnesses held are John Bruns, a butcher, who lived in the same building; Otto Framing and George Bohm.

NERVY [illegible].

Saved Life of Boy Entangled in Balloon Ropes.

Springfield, O., Aug. 24.—H. McGill, editor of the Sunday Local, who has turned aeronaut, proved himself a hero at the county fair where he is making daily ascensions in his balloon. He saved the life of John Clark, a ten year old boy, in a most thrilling feat.

Just as McGill's balloon was loose young Clark got caught in the ropes and went skyward. A cry of horror burst from the crowd. McGill heard the screams of the people and glancing down, saw the lad entangled in the ropes. The balloon was 1,000 feet in the air at the time.

McGill has but one arm. Nerved and cool, he reached down from the trapeze and with his one hand gathered up the ropes of the parachute. It took but a moment to form a pocket of the parachute just below the boy.

"Slide down into the parachute," commanded the aeronaut, and the boy tremblingly obeyed. The crowd that watched the maneuver breathlessly and cheered as the boy slid into the nest, while the balloon went sailing upward hundreds of feet.

The additional weight of the boy prevented the balloon from going as high as it might otherwise have done.

Soon after the balloon began to fall, and it slowly descended a mile west of the fair grounds. McGill cut loose the parachute as he neared the earth, to prevent the bag falling on them, and the big and little aeronaut came gently down in the narrow space between a fence and a house, both unhurt.

Strange Action of Negro.

Decatur, Ala., Aug. 24.—John Mester, a negro laborer, employed in the Louisville and Nashville round house, entered the cab of an engine, pulled the throttle wide open and then jumped from the locomotive and fled. The locomotive, under high speed, dashed into another locomotive standing on the track, causing a damage of about $1,000. Mester was arrested by railroad detectives while he was in hiding in Oklahoma, a negro suburb. Mester could give no excuse for his act and was taken to jail.

Operation Successful.

Marietta, Ga., Aug. 23.—H. H. Clay, a popular young lawyer of Marietta, and a son of United States Senator A. S. Clay, has successfully undergone an operation for appendicitis. He is now at a sanitarium in Atlanta.

C. R. Spivey has returned from Windsor, where he has been on a visit to relatives. Upon his return he was accompanied by his daughter-in-law, Mrs. Eva Spivey, who will spend a few days here. Mr. Spivey reports that there has been an abundance of rain in the Windsor section within the past few weeks, with the result that all the creeks and branches are full.

Hon. H. H. McCreary returned last night from Jacksonville and Mayport, the most of the past week having been spent at the latter point. Senator McCreary joined several of his old friends in a fishing trip, and he may feel in a humor to relate some of his experiences within the next two or three days. When asked about his "luck" he replied that he had plenty of it, but that he was too weary from pulling in the "big fellows" to write or dictate any stories at this time.

Children in Pain

Never cry as do children who are suffering from hunger. Such is the cause of all babies who cry and are thought for sickness, when they really are suffering from hunger. This is caused from their food not being assimilated but devoured by worms. A few doses of White's Cream Vermifuge will cause them to cease crying and begin to thrive at once. Give it a trial. Sold by W. M. Johnson.

A Pleasant Occasion.

One of the most pleasant occasions of the season was the reception tendered Dr. and Mrs. P. W. Corr and daughter, Miss Alys May, by Mr. and Mrs. Milo Bennett, at their home on West Masonic street, Friday evening.

While there was nothing particularly "swell" about this reception, it was nevertheless enjoyed, and many friends of those in whose honor it was given were there.

Dr. Corr and his estimable family expect to leave in a short time for Dade City, where Dr. Corr has been appointed principal of the Dade City High School, one of the best institutions in the State. He is an educator of high note, and will fill the position with efficiency and credit.

Dr. Corr went yesterday to Jasper to pack and ship his library, but returned in the evening, and today will fill the pulpit at the First Baptist church. He is not only an educator, but a preacher who always commands attention, and will no doubt attract good congregations at both services.

Dr. Corr will preach both morning and evening at the First Baptist church.

Where Love Is Life.

I.

Oh, world, so green and wide!
Why should we dwell with strife?
Roll us on, through storm and tide,
To the land where love is life!

II.

The daisies in the dew
Seem thankful for the light;
The lilies all their life renew,
Fair-robed, in heaven's sight.

III.

And yet we sigh along,
And dream of desert ways,
When life might be a heaven-sweet song
Thrilling with love and praise!

Heard in the Lobby.

"You hear a good deal about 'after-dinner' speakers, but nothing about 'after-supper' ones."

"Oh, by that time they're too full for utterance."

Time and Tide.

Mister Time an' Mister Tide say:
"Ef it's stormy sky or blue,
We gwine des a-flyin'!—
You must rise an' foller, too!"

A long poem, just out, is called "The Song of the Seven Stars." But we don't want to see any more stars than Trouble has made us see already—whether they sing or not.

When the Poor Can Take a Ride.

We'll reach the land o' promise—
See the shady "other side,"
Where the automobiles are cheaper
An' the poor can take a ride!

It costs to be in fashion.
An' fashion leads you wrong;
The ox-cart is lots healthier:
"Gee—haw, thar! Git along!"

"De rich man," says Brother Williams, "can't take his riches ter heaven with him, but money sho' kin make him have a high old time on de heavenly road!"

A True Philosopher.

It takes a true philosopher to look at it in this way:

"Dad, yer house is on fire!"

"I know it. Warm yer hands whilst it's burnin', an' the devil take the coal trust next winter!"

Log Cabin Philosophy.

Let us look to the light. Even if it blinds us, we had a bright time looking at it.

The furrow looks long when you're plowing the mule, but there's rest and a shady tree at the end.

Heaven isn't built with hammers and nails, but some of us have got to hammer mighty hard at it before we get in.

The hills look mighty high, and that's why we want to go there; but getting to the top is one thing, and rolling down another.

His Warning.

"Yes," said his mother-in-law, "I expect eternal sunshine hereafter."

"Take care," said the son-in-law, "that it doesn't go to blazing!"

"Kick up all the dust you want to in the middle of the road," says an old time philosopher, "but take care it don't blind you so's you can't see ten steps ahead of you."

The Good Times.

Don't the city's toil an' trouble, when
the summer days are long,
Make you wish for quiet valleys where
the silence is a song?
Ain't you just a little longing for the
hills—the waterfall,
Hedged and hampered in a city where
a memory is all?

THE "RED DEVIL'S" ROUTE.

Paul McCormick, a young millionaire of New York, bore an honorable name and had advantages in life that few young men have. From the earliest days of auto racing this graceless scion of one of the richest and oldest families in Poughkeepsie became a speed fiend, and many were the accidents he met with and many were the fines he paid. His reckless driving won the admiration of Mrs. Carrie Converse, the wife of a wealthy merchant and a leader in society, and four years ago she eloped with young McCormick in his "Red Devil," and they toured the country at breakneck speed, having many hair-breadth escapes and being many times arrested for reckless speeding.

The husband, after the manner of husbands in the East, sued McCormick for $100,000 damages and his wife for divorce. McCormick finally paid $5,000 for the release of Mrs. Converse from her marriage vows and married her himself. Although socially ostracised, they maintained a town house and a summer home and spent much of their time in the "Red Devil."

A few days ago they started from New Haven to New York in a six-cylinder racer and when an eighty-horse power auto appeared on the scene a race ensued. McCormick ran into a buggy, tore it to pieces, crippled the two women in it and ran his machine against a large tree which stood its ground. The woman was horribly mangled and killed instantly and McCormick was thrown fifteen feet into a field and killed. The other car did not stop to see if they were dead or not, and they were found by a farmer. Thus ended the career of this mad pair who deliberately threw away honor and respectability and who in a double sense traveled at the speed that leads to destruction. The wealth which should have made them useful citizens went to gratify their illegitimate desires, and their desires were of a kind that destroy manhood and womanhood. The "McCormick scandal" is thus ended and their death was a fitting close of their career. Their wealth did not save them from becoming social pariahs, and on the road they were a nuisance to innocent travelers. This ending is a tragedy that does not shock of surprise, and, while they went to their graves in costly caskets, few were the mourners at the funeral. The lesson is obvious.—Miami Metropolis.

It is said an effort will be made to have a "wet" or "dry" election called in Duval county. The commissioners of Escambia have already called such an election to be held in that county, and in the event that the move is successful in Duval, the temperance workers of Florida will have an opportunity to ascertain the attitude of the people of two of the principal [illegible] communities in the State. The result of the contest in those counties may have considerable weight on the recently-mentioned effort to put a constitutional amendment before the State for total prohibition.

The Mulberry Times says this talk of "hard times a-coming" sounds ridiculous in the extreme in the face of the continued prosperity of the country generally, with no sign or cause of its passing apparent. A little manipulation in Wall street, a pipe dreamer's spiel taken up by the ready calamity croaker, and there you are. We've heard of fool killers. Now if some one will just start out and remove the croakers' croak we can go merrily on, undisturbed, on this wave of prosperity.

Deafness Cannot be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Take Hall's Family Pills for constipation.

Beware of losing or wasting inches of time—they are the little foxes that run away with many days, says The September Delineator. So much can be done in them, and with them—often the very thing for which we sigh hopelessly. Fill them, every one. Keep something handy—something that fits the interval. Remember a famous law book was written because a lord chancellor chose not to be idle throughout the fifteen minutes his wife made him wait each day for dinner. Recall, too, all the men, noble and eminent, who have climbed the heights by saving inches of time. All of us cannot hope to become likewise eminent—but we can reasonably and easily make ourselves happy with things wrought in the fragmentary moments which we might unthriftily leave vacant.

Bartow is realizing handsomely from its water and light plants judging from the following which appeared in a recent issue of The Record: "The receipts for the month of July for both the water and lights, amounted to $1,423.60, while the expenses for the same period were less than $700. Ending with each quarter, the receipts are much in excess, and hence it will be seen that the municipal plant is paying the city, and then the street lighting and water used by the city comes in as a free item. Very few municipalities in Florida can boast of such a well managed plant among their possessions, and it is with pleasure The Record notes such an excellent showing."

Eczema.

For the good of those suffering with eczema or other such trouble, I wish to say, my wife had something of that kind and after using the doctors' remedies for some time concluded to try Chamberlain's Salve, and it proved to be better than anything she had tried. For sale by all druggists.

BAD BLOOD

"I had trouble with my bowels which made my blood impure. My face was covered with pimples which no external remedy could remove. I tried your Cascarets and great was my joy when the pimples disappeared after a month's steady use. I have recommended them to all my friends and quite a few have found relief."

MARRIED IN A CARRIAGE.

Two Popular Gainesville People Had a Novel Experience.

The following from The Palatka News of current issue will prove of interest to friends of the contracting parties here:

"While Judge M. L. Coxe was engaged in conducting the preliminary examination of A. Glisson at the court house on Wednesday morning, a young man was seen to come to the head of the stairs and becon to the Judge, who immediately got up and stated that he would be obliged to adjourn court for ten or fifteen minutes, and until he could go down stairs and marry a couple. Once down stairs the young man informed the Judge that he had but five minutes to catch the East Coast train, that the prospective bride was in a carriage waiting in front of the court house and asked if his honor couldn't step to the carriage and tie the knot.

"There was no reason, so Judge Coxe had the young man get into the carriage, and, joining their hands his honor made the young people husband and wife about as quick as an ordinary man could say 'Jack Robinson.'

"By this time the crowd in the court room knew what was going on and all rushed to the windows and down the stairs to see. But the ceremony was all over. All they saw was a most attractive young lady with a smiling face and a well dressed and pleasant spoken young man, who handed the Judge his fee and told the driver to hustle for the depot.

"It seems the young man had called on the Judge earlier in the day, secured the license and asked him to be ready.

"The young people were from Gainesville and the young lady had arrived only a few minutes before on the G. S. & F. train.

"The groom was Mr. Edmond McGhee Weston and the bride was Miss Mary Elizabeth Hill. The young man was raised in this county, at Crescent City, and is the son of Mrs. Frank Rutherford."

MAY REORGANIZE THE BAND.

Several Musicians of Gainesville Are Speaking of Reorganizing.

One of the best and most soul-stirring advertisements a town or city can have is a band—if it is a good one, the worst if it is a poor one.

But Gainesville, with a population now of 7,000, has ample talent through the various sources to organize a first-class band—an organization that would prove a credit to the city and the State, and those most wise realize that now is the time to make the start.

With this realization staring them in the face, and with that musical enthusiasm which warms their hearts, an effort is being made by a few of the old musicians to reorganize the Gainesville brass band. There is no reason why this band should not be reorganized, and it is the duty of the people of Gainesville to support it. There are many occasions where a band could be used if it could be secured on short notice and at little expense, and the Gainesville band would fill the requirements.

GOOD PROGRESS BEING MADE.

The Deep Well at Waterworks Plant Being Pushed Forward.

The contractor for the deep well at the plant of the waterworks, Bourware spring, is making fine progress, having already gone forty-five or fifty feet.

This well is twelve inches in diameter, and when completed, it is estimated, will furnish the deficiency of the supply which has been complained of for the past year or two, especially in the dry season of last summer.

Contractor Allen expects to finish his work, under favorable circumstances, within the next few weeks, when there will be no more of the cry of the shortage of water from consumers.

MR. BURKHIM'S GIFT.

Presented Handsome Picture to Gainesville Lodge of Elks.

One of the pleasant features of the session of Gainesville Lodge No. 990, Benevolent and Protective Order of Elks, on Thursday night, was the presentation by L. J. Burkhim of a handsome steel engraving of an Elk's head and shoulders, three by five feet, in a magnificent frame.

This picture is one of the finest of its kind ever seen in Florida, or anywhere else for that matter, and was secured by Mr. Burkhim, who is an enthusiastic member of the local lodge, at considerable expense.

The presentation came as a great surprise to the members of the local lodge, who are endeavoring to furnish their club room with "the best what am." It is a magnificent picture, and was secured by Mr. Burkhim during his recent visit to the North, and this showed that Mr. Burkhim remembered his brethren and his lodge at home. He had an opportunity to secure this extraordinary picture, and "jumped" at the opportunity with an alertness which will always be appreciated.

In a short but very impressive talk, Mr. Burkhim presented the picture to the lodge. While he was speaking the entire membership present listened with an ear of earnestness and interest, and at the conclusion the donor received a round of deserved applause.

Hon. Henry S. Chubb, exalted ruler of Gainesville lodge, responded in a most delightful way, which is his own. He told of how the lodge, collectively and individually, appreciated the gift, which was one of the handsomest ever received.

A RUNAWAY HORSE.

Serious Accident to J. R. Emerson Was Narrowly Averted.

While driving in from his roadwork on the Prairie Creek road Thursday afternoon, Supervisor J. R. Emerson had an experience which he will not soon forget, as it came near costing him his life.

Mr. Emerson has been superintending the work of road construction on the Prairie Creek road for several weeks. He resides in the city and has the habit of coming home at night. While coming on the date mentioned his horse was frightened at an approaching automobile and made a dash, and before the occupant of the buggy was really aware of what had happened he was in a ditch and the animal was on the way to the stable.

The horse left pieces of the buggy at various points, as evidence that he had "been there," finally winding up at the stable with the shafts. However, Mr. Emerson was fortunate enough to catch an incoming carriage, which overtook him after he had walked a mile.

MRS. CURL IMPROVING.

After Two Operations in Chicago Is Regaining Her Health.

A letter received from F. S. Curl, who, with his wife, is spending a few weeks in Chicago, directs that The Sun be sent to him in that city.

In speaking of Mrs. Curl, who has been an invalid for some time, Mr. Curl says:

"Mrs. Curl has passed through her second and final operation, and is now slowly but gradually improving, but is not yet out of danger. We will have to be here for six weeks or probably two months."

Mr. Curl concludes his letter by saying that Chicago is "quite a little city," and with Florida's climate would be the ideal city of the United States.

Friends of Mrs. Curl will feel grateful that her condition is favorable, and that she will return home in much better physical condition.

HAD AN AWFUL TIME.

But Chamberlain's Colic, Cholera and Diarrhoea Remedy Cured Him.

It is with pleasure that I give you this unsolicited testimonial. About a year ago when I had a severe case of measles I got caught out in a hard rain and the measles settled in my stomach and bowels. I had an awful time and had it not been for the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy I could not have possibly lived but a few hours longer, but thanks to this remedy I am now strong and well. I have written the above through simple gratitude and I shall always speak a good word for this remedy.—SAM H. GWIN, Concord, Ga. For sale by all druggists.

MR. HODGSON HAD TO GO.

Man Operating the Stump Puller Compelled to Leave for His Home.

T. L. Hodgson of Williston, who has been engaged in pulling trees and stumps and clearing the right-of-way on the Gainesville-Prairie Creek road with his stump-puller, was called home Friday by an important letter, and may not return to Gainesville and his duties for several days.

This will not interfere seriously, however, with the work on the road, as Mr. Hodgson and his stump-pulling machine have been so energetic for the past few days that they have succeeded in clearing the way for the road gang which will keep them busy for the next three or four days.

Mr. Hodgson believes he has got stump-pulling down to a fine point, and he is right, judging from what The Sun representative saw him do on Wednesday. It is no trouble to keep a right-of-way cleared in the manner in which he does it.

LETTER TO E. E. VOYLE, Gainesville, Fla.

Dear Sir: We would like to print your opinion of this guarantee in this paper, where all your neighbors will see it:

We'll furnish the paint to paint half the house of any fair man on these terms: He shall paint the other half with whatever other paint he likes; same painter (any fair man) same way (the way of all fair painters, to make a good job). If our half doesn't take less gallons of paint by one-tenth to seven-tenths, we'll give him the paint. If our half doesn't take less labor by one-tenth to seven-tenths, we'll give him the paint. If our half isn't sounder three years hence, we'll give him the paint. If our half isn't sounder six years hence, we'll give him the paint. Any color.

We say one-tenth, because there are two or three paints with about that difference; we say seven—there are dozens of paints with about that difference—we say one to seven, because there's a hundred that waste one-third of the money paid for both paint and labor.

Is there a paint we haven't covered?

Yours truly,
F. W. DEVOE & CO.

SOFTNESS OF SEALSKIN.

Is Rivaled by Human Hair Where Dandruff Is Eradicated.

Sealskin is admired the world over for its softness and glossiness; and yet the human hair is equally as soft and glossy when healthy; and the real cause of all hair trouble is dandruff, which is caused by a pestiferous parasite that saps the vitality of the hair at its root. Newbro's Herpicide is the only preparation that is fatal to the dandruff germ. Without dandruff there is no falling hair, but a luxuriant growth of glossy, soft hair is certain. Securing the scalp won't cure dandruff. Kill the dandruff germ. Thousands of women owe their beautiful suits of hair to Newbro's Herpicide. Sold by leading druggists. Send 10c. in stamps to The Herpicide Co., Detroit, Mich.

SEA ISLAND COTTON.

Savannah, Ga., August 24.—Transactions in the Sea Island market the past week were moderate. The recount of local stocks resulted in an addition of 263 bales to the previous count. Much interest was manifested in the arrival of the first bale of Sea Island, which occurred on August 20, two days later than for the previous year. The bale was from Florida. On August 18 of last year a bale arrived from both Georgia and Florida. The first bale this season made a most favorable impression as to the crop. Some complaints were made during the week of damage likely to result from too much rain, shedding being feared. With good weather the coming week, this will probably have a very limited effect, but with continued rains much injury will undoubtedly result.

Remedy for Diarrhoea—Never Known to Fail.

"I want to say a few words for Chamberlain's Colic, Cholera and Diarrhoea Remedy. I have used this preparation in my family for the past five years and have recommended it to a number of people in York county and have never known it to fail to effect a cure in any instance. Though Dying Was Hanged.

New York, Aug. 24.—Testimony taken by a New Jersey assembly committee, which has been investigating conditions in the state reformatory at Rahway, was to the effect that in October, 1904, an inmate, William Fordham, drank wood alcohol, and for so doing was strung up by a keeper. He was kept strung up while suffering the agonies of wood alcohol poisoning, the witnesses said, although he kept groaning that he was dying. He did die after being let down. The county prosecutor has been informed of the testimony and will take the case before the grand jury.

Quadruple Hanging.

Lancaster, Pa., Aug. 24.—The death warrant for the hanging of four Italians here on October 3 is the first warrant for four persons to be executed in Pennsylvania in many years. There have been numerous double hangings, and one or two triple legal executions have been known in recent years, but the issuance of a warrant for four to be hanged on a single scaffold is without precedent in the memory of men serving in state offices.

Sold by W. M. Johnson.

MALARIA A SYSTEMIC BLOOD POISON

UNDERMINES THE HEALTH— LAYS THE FOUNDATION FOR DISEASE

Malaria comes from the absorption into the blood of germs and microbes which destroy the rich, nutritive qualities of the circulation and reduce it to a weak, watery, disease-spreading stream. The healthy color of the skin is given to it by the millions of little red corpuscles which are in the blood. These are the carriers of nourishment and health to all parts of the body; in other words the very life and vitalizing essence of the circulation. The destruction of these corpuscles by the malarial poison takes the color from the cheek, and in the first stages of Malaria we have pale, sallow faces, poor appetite, a bilious condition is set up, and we feel "out of sorts" generally. But Malaria means more than this; it is a systemic blood poison, which undermines the health and gives rise to innumerable and sometimes serious disorders and diseases if the poison is allowed to remain in the blood. As the blood becomes more and more polluted with the malarial poison, the digestion becomes deranged, chills and fever are frequent, skin diseases, boils and carbuncles, and sores and ulcers break out on the flesh, and after awhile the foundation is laid for other diseases which either prove fatal or permanently undermine and wreck the health. Malaria can only be worked out of the system through the blood. Purging the liver and bowels with strong, nauseating cathartics can never remove the trouble because they do not reach the blood where the germs are constantly multiplying. The only hope for a cure is a remedy that can destroy the germs and microbes, and neutralize the bad effects of the poison, and S. S. S. is the medicine to accomplish this, because it is a perfect blood purifier and a general systemic remedy of unequalled value. S. S. S. searches out and removes every trace of the malarial poison and puts the blood in such rich, healthy condition that sallow, anaemic complexions take on the ruddy glow of health, the liver and digestion are righted, the appetite improved, the system vitalized and strengthened, and every symptom of Malaria passes away. Malarial persons will find S. S. S. not only a prompt remedy but a gentle, pleasant acting one, as well as a certain cure for this disease. Besides removing the cause of Malaria S. S. S. builds up every part of the system by its fine tonic effects. Persons living in a malarial section should, at this season, fortify their systems against this insidious disease by purifying their blood with a course of S. S. S. Book on the blood and any medical advice desired sent free of charge. THE SWIFT SPECIFIC CO., ATLANTA, GA.

CUBAN PACIFICATION COSTLY.

$2,554,970 Was Spent in Maintaining merican Army on Island in 1906.

Washington, Aug. 24.—It cost the American government $2,554,970 in addition to the regular ordinary expense, to keep the American army of Cuban pacification in that island during the fiscal year of 1907. This fact is shown in the annual report of General Aleshire, quartermaster general of the army.

Of the amount stated, $1,915,388 was spent for transportation. General Aleshire devotes a few words to the quartermaster's department, and its ramification over a great portion of the world covered by the United States and its territorial possessions, at the same time pointing out that the strength of the corps consisted of but 96 commissioned officers and 200 post quartermater sergeants, in addition to 76 line officers, who were detailed in connection with the department's work. He points out the urgent necessity for such an increase in the number of commissioned officers as will relieve the department from the necessity of calling upon line officers to perform its duties, also for an increase in the number of post quartermaster's sergeants and the creation of a general service corps for the work of the department.

PECULIAR PITTSBURG CASE.

Prisoner, Aged Only Two, Is Haled Into Court.

Pittsburg, Penn., Aug. 24—"Prisoner, what is your name?" asked Alderman William B. Armstrong. Then William George Shaffer, 2 years old, was before him on a charge of malicious mischief.

"Want to go on the choo choo cars," was the answer Shaffer gave to the Alderman.

"The law and this court demands to know your name," insisted Armstrong. "What is it?"

"Git up, horsie," said Shaffer.

Alderman Armstrong then decided that he could do nothing with his prisoner and turned him loose until Monday afternoon on his own recognizance, when he will be given a final hearing and his case disposed of.

The case is one of the most peculiar ever held in Pittsburg. The child is sued by Frank D. Fisher, neighbor to the Shaffers, who declares the child maliciously tore up the grass in his front yard.

HITS AT BECKHAM.

Willson Says Kentucky Democrats Have Formed Political Machine.

Greenup, Ky., Aug. 24.—A. E. Willson, republican candidate for governor, spoke to a large gathering in this city.

Willson covered in a large degree the ground covered in his recent speech at Maysville. He took up the question of alleged democratic extravagance, reaffirmed his position on the temperance question, and stated that Governor Beckham, Auditor Hager and Treasurer Bosworth had formed a political machine for the purpose of keeping themselves in office, regardless of the wishes of the people of Kentucky.

He said that his purpose in seeking the governorship is to restore good government in Kentucky, and if elected, he would not ask the voters for a higher office.

Grand Jury Criticises Work.

Commerce, Ga., Aug. 24.—The Jackson county grand jury, just adjourned, has criticised severely the remodeling of the courthouse here. The sum of $35,000 has been spent in the work which they allege is not worth anything like the amount expended. They assert that the building besides being inconvenient, is unsanitary, but do not make any recommendations for an investigation.

Loot Bank of $1,200.

Hattiesburg, Miss., Aug. 24. Robbers broke into the People's bank at Wiggins, Miss., a small sawmill town, 25 miles south of here, at an early hour Thursday morning, and secured $1,200, the entire contents of the safe. The safe was apparently opened by some one who knew the combination.

To Fill Oconee Judgeship.

Duluth, Ga., Aug. 24.—A meeting of the members of the Bar association of Oconee circuit will be held on Monday to consider the endorsement of some member for the judgeship of the circuit. Nine candidates are mentioned in connection with the place.

Alabama Woman Commits Suicide.

Tallapoosa, Ga., Aug. 24.—Miss Emma Dorsey, 35 years of age, resident of this city, committed suicide Thursday about noon, by taking strychnine and immediately thereafter dying.

Speaker Cannon and His Cigars.

Plattsburg, N. Y., Aug. 24.—Speaker Cannon, who has been rusticating here, is trying to, and has almost succeeded, in giving up the habit of smoking. He told friends here that although he has been accustomed for forty years to smoke from 12 to 15 cigars a day, he now smokes three or four.

For an Impaired Appetite.

To improve the appetite and strengthen the digestion try a few doses of Chamberlain's Stomach and Liver Tablets. Mr. J. H.
